

Nonhlanhla Tracy Shekwa

Software Developer

Summary

Looking for an exciting and dynamic role where I can utilize my skills and experience to drive tangible results. Passionate about joining an organization that fosters a culture of innovation, continuous learning, and personal growth.

Education

National Diploma Information Technology

Tshwane University of Technology (TUT)

- I studied for a National Diploma in Information Technology at Tshwane University of Technology (TUT), specializing in Software Development. My studies equipped me with a solid foundation in programming, software engineering, databases, web development, and system analysis and design. Throughout my academic journey, I honed my problem-solving skills, mastered object-oriented programming (OOP), and gained hands-on experience with various programming languages and development tools. I worked on real-world projects that allowed me to apply my knowledge in designing and building efficient, scalable software solutions.
